

# King's Cup Variations Pack

Fun and popular ways to play King's Cup at parties and gatherings.

Variation	How It Works
Circle of Death	Cards are placed in a circle. Breaking the circle results in a penalty or final drink.
Ring of Fire	Cards form a tight ring around the cup. Breaking it means drinking or a challenge.
Waterfall Rule	All players drink together until the starting player stops.
Reverse Rules	The game direction or selected card meanings are reversed.
Teams Version	Players form teams and complete actions or drinks together.
Non-Alcoholic	Drinks are replaced with fun challenges or dares.
Extreme Party Mode	Includes double drinks and surprise penalties. Play responsibly.

**Tip:** Choose variations based on group size and comfort level. You can also mix multiple variations for extra fun.

Always agree on rules before starting and play responsibly.
